## Personal Protective Equipment

Below you will find a list of questions related to the prevention of hazards as illustrated in the presentation “Personal Protective Equipment”. If a question does not apply to your company, go to the next question.

- If you have answered “☒ No” or “☒ Partially” to one of the questions, additional measures should be taken and recorded on page 6.

## Who needs to wear personal protective equipment (PPE)? Which type of PPE, when and where?

Please fill in the following table and checklist for each storage or working area.

<b>1</b>	Have you identified the activities for which workers should wear PPE?	<input type="checkbox"/> Yes <input type="checkbox"/> Partially <input type="checkbox"/> No
<b>2</b>	Is adequate PPE used (i.e. adapted to the existing hazards)?  <i>For example:</i> <ul style="list-style-type: none"> <li>- Respiratory protection filters chosen according to the dangerous substance handled</li> <li>- Goggles for eye protection with the required protection factor, etc.</li> </ul>	<input type="checkbox"/> Yes <input type="checkbox"/> Partially <input type="checkbox"/> No
<b>3</b>	Has the required PPE been listed by activity (existing hazards)?	<input type="checkbox"/> Yes <input type="checkbox"/> Partially <input type="checkbox"/> No
<b>4</b>	Is the necessary PPE available to the workers?	<input type="checkbox"/> Yes <input type="checkbox"/> Partially <input type="checkbox"/> No
<b>5</b>	Do you keep a list of the PPE provided to the workers?	<input type="checkbox"/> Yes <input type="checkbox"/> Partially <input type="checkbox"/> No

To identify the activities requiring the use of PPE, consult the following documents:

- Risk analysis, identification of existing hazards
- Safety data sheets
- Notices/instructions, manuals
- Information obtained from the PPE’s provider
- Measurement reports

*If you cannot answer Questions 1 and 2 with certainty, contact a safety specialist.*

The acquisition of PPE is at the expense of the employer (even protective corrective glasses worn permanently).

18	Have the concerned persons received training in the correct use and care of PPE, its maintenance and checks?	<input type="checkbox"/> Yes <input type="checkbox"/> Partially <input type="checkbox"/> No	
19	Does the staff know the internal instructions on the use of PPE?	<input type="checkbox"/> Yes <input type="checkbox"/> Partially <input type="checkbox"/> No	

20	Is the use of PPE specified in the work instructions?	<input type="checkbox"/> Yes <input type="checkbox"/> Partially <input type="checkbox"/> No
----	---	---

### Commitment of superiors

21	Do superiors regularly check the proper use of PPE and correct any defects?	<input type="checkbox"/> Yes <input type="checkbox"/> Partially <input type="checkbox"/> No
22	Do superiors and management set a good example by wearing PPE?	<input type="checkbox"/> Yes <input type="checkbox"/> Partially <input type="checkbox"/> No
23	Are checks conducted to ensure that temporary employees and third-party workers wear PPE while working on the site?	<input type="checkbox"/> Yes <input type="checkbox"/> Partially <input type="checkbox"/> No

The behaviour of superiors and the company management has a major impact on the attitude of the workers in terms of safety. Setting a good example is more effective than a simple regulation.
